UPS Pickup Options

Daily Pickup	Smart Pickup
A driver stops at your location daily, Monday through Friday	<ul style="list-style-type: none"> Account is designated as Smart Pickup. Smart Pickup allows for daily pickup or pickup on specified days (for example, only on M, W, F). Library is assigned a notify time based on a pickup window. Library processes first shipment from an internet connected computer before the notify time. Driver is prompted to stop for the pickup that day. If the notify time is missed, the pickup will automatically be scheduled for the next day.

5 CONFIDENTIAL AND PROPRIETARY – DO NOT DISTRIBUTE

Additional Points

- Smart Pickup is compatible with WorldShip® 2010 or higher, UPS Internet Shipping or UPS CampusShip®
- Delivery to your library is not impacted by being a Smart Pickup location.
- Moving to Smart Pickup is voluntary for IDS Members.
 - Anyone who is not shipping at least 15 packages per week.
 - Libraries that are only open on certain days of week.
 - Libraries processing shipments on certain days of week.

WE ♥ LOGISTICS™

6 CONFIDENTIAL AND PROPRIETARY – DO NOT DISTRIBUTE

Lowering Weekly Service Charges

Weekly Service	Weekly Service Charge Billed per Full Member
Daily Pickup (\$0.00-\$74.99 Weekly Billed Amount)	\$11.00
Daily Pickup (\$75+ Weekly Billed)	\$0.00
UPS Smart Pickup	\$0.00

Let's assume that a library ships less than \$70 per week (18 packages x \$4/package), their annual service charges would total \$572.

IDS has 43 libraries that ship under 500 packages a year. If those 43 libraries became Smart Pickup locations, the weekly service charges would be eliminated.

This would be a savings of \$24,596 for the IDS consortium.
